MAGNIFICENT BALL ON LOCAL GROUNDS

MILLERS AND MONTANAS PUT UP ARTICLE THAT IS FINEST EVER.

One of the best played ball games ever witnessed in the southern district occurred Sunday on the local diamond between the Montanas and the Millers. Veteran patrons of the national sport and former players in both the National and American leagues make the statement that better ball than that handed out Sunday has never been seen. The wing work at one stage of the game resulted in a triple play by the Montanas. The large crowd of spectators arose en masse and the din and shouting occupied fully five minutes time. The same resulted with Millers having four runs to their credit, while the Montanas secured but one.

JUDGE BRISSELL RIDES TOWN OF TRUMVERATE OF UNDESIRABLES.

Joe Sullivan and James Clark, the latter a cripple, were in Judge Brissell's court yesterday on a charge of disturbing the peace. The men were arrested Saturday by Chief Malley while engaging in a fight in front of the Hermitage saloon. His honor found both men guilty and sentenced them to thirty days in the county jail, but suspended sentence for four hours with the order that if the men were found in the city at that time they would be committed to the custody of Sheriff Owens.

Jack Murphy also made his appearance before the judge and was given the same sentence for passing whisky through the bars of the city jail to prisoners. It is needless to say that at the expiration of the four hours the three individuals were seeking pastures new.

ROTTEN TIMBERS CAUSE CAVE IN

ABANDONED SHAFT ON JIM BUTLER OPENED UP BY EARTH FALLING.

The collar of an old deserted shaft of the Jim Butler Mining company, at the corner of University and Bryan avenues, which had been covered over with boards and earth, caved in yesterday, and that no serious accident occurred was due to the early discovery of the cave. The shaft is in the center of the street and is passed over by a great number of pedestrians and vehicles and should anyone have fallen in it would certainly have resulted seriously with them as the shaft is over 200 feet deep. The mining company when notified immediately built a high fence surrounding the shaft and will immediately commence filling it up.

BLOOMER GIRLS WILL PLAY BALL

AGGREGATION OF LADIES THAT PLAY THE NATIONAL GAME TO PERFECTION.

The next society event in Tonopah and all society is invited, will be the Boston Bloomer Girls, who are to play the Eagles-Elks a game of ball on the local diamond Thursday afternoon, September 3. C. F. Wittenberg, the manager of the Eagles-Elks, had so many applications from old and young Eagles and Elks to play on this occasion that he has gone into retirement and refuses to be seen. A few of Tonopah's prominent citizens have come to the manager with records as ball players in the National league, contending that they were playing under an assumed name.
 The Bloomer girls are athletes of note. A clergyman, and he should know, says their conduct is beyond reproach. The mayor of Winfield, Kansas, and he is an enthusiast, says that they play one of the nicest and smoothest games that he has ever seen, while the Morning Call of Fargo, North Dakota, quotes that the citizens there were backing the ladies with cold cash. The Times of El Paso remarks that the pitcher is a star and says that with the stick she is certainly a "pippin" for she swatted the ball over the fence.
 Last season's record shows that they played 173 games out of which they won ninety-six. They have played 10 tie games and one at Denison, Iowa, of fifteen innings, when the score was 0-0 and the game was called on account of darkness. Another novel feature, besides traveling in a special car, they have a canvas fence fourteen feet high and 1200 feet long and a canopy covered grandstand which will seat about 2000 people.

BUDWEISER.

The most popular 'beer in the world. There is less profit to the dealer who sells it, because it costs most at the brewery, yet its sales exceed those of all other bottled beers, which proves that its superiority is recognized everywhere.

DO YOU KNOW

That from October 1st, 1907, to June 1st, 1908, a period in which occurred the greatest financial disturbance experienced in the United States in fifty years, not one National Bank in Nevada, California, Idaho, Montana, Oregon, or Washington, was forced out of business by the stringency.

Is not a bank financially strong and sufficiently resourceful to have escaped the extreme effects of the panic of last fall worthy of your confidence?
 Why not open an account with the "National."

EXCURSION TO BLAIR A SUCCESS

FULLY THREE HUNDRED PEOPLE ENJOY SUNDAY AT THE GOLD CAMP.

The excursion to Blair Sunday was certainly a delightful event. Fully 300 people availed themselves of the opportunity of seeing the town of Blair, meeting its inhabitants, inspecting their mines and the great plant of the Pittsburg Silver Peak company. The citizens of the town sent a committee to meet the incoming train at Blair Junction to act as an escort to the visitors. Placards on which were printed, "You are welcome; the town is yours," were distributed everywhere and there was no doubt of it as the visitors will all attest. Citizens immediately took them in hand and headed by the Tonopah brass band and the Eagles' drum corps, they were taken to the Blair hotel, one of the finest, well appointed and handsomely furnished hostleries in southern Nevada, where luncheon was had. The visitors were then taken to the mill and shown every detail of one of the greatest plants in these United States, Manager George O. Bradley being of the party. In the afternoon a baseball game was played on the grounds below town, which was won by the Eagles-Elks from a picked nine from Blair by a score of 12 to 7. Upon returning to the hotel an impromptu dance was given in the ball room to those who desired to enjoy the terpsichorean delights. The train was held an hour longer than schedule time as the people of Blair desired the people of Tonopah to stay a little longer and the people of Tonopah wanted to remain just as long as they possibly could. Too much credit cannot be given Editor Mix of the Blair Press, Manager Herrod of the Blair Mercantile company and J. Grant Crumley of the Nevada Club to whose efforts are due the most enjoyable excursion ever given in the southern part of the state.

GOLDEN ARROW HAS NEW HOIST

MACHINERY ALL IN PLACE AND SINKING THE SHAFT WILL BE RESUMED.

Captain Cotter of the Golden Arrow Mining company arrived in Tonopah last evening and reports the hoist on his property as being constructed and the machinery all in place. Five more days' work will see the shaft rails laid and sinking will be resumed. At present the work being done is on the seventy-five foot level on a silver ledge. The ledge is seven feet wide without the footwall or sidewall and runs high in value. Considerable work is being done in the district and quite a number of prospectors are in the hills.

COMPETENT MAN OUT FOR OFFICE

C. A. RICHARDS IS A CANDIDATE FOR AUDITOR AND RECORDER.

C. A. Richards, one of the best known citizens of Nevada, having been a resident of this state since 1863 has been prevailed upon by numerous people in this county to make the race for auditor and recorder, the position now held by Puddy Grimes. It is unnecessary to state the qualifications of Mr. Richards for this office. He is known to almost every resident in this county and his integrity and ability are above par. He has been a member of the state legislature from Lander county in both upper and lower houses. For many years he was in the mercantile business and is in touch with the business and mining element all over Nevada. He is a heavy tax payer in Nye county. The nomination of Mr. Richards by the Republicans means that they will have on their ticket one of the strongest men in the field.
